Intro Must be accurate, edited in some direct market references as icons. The days it takes to get different rewards are based on 288 daily nerve bars regeneration, and if you don't miss a single nerve and you use refills, etc., you can complete them in a shorter time. Broken Link: Here 'NNB': Natural Nerve BarCXP: Experience Of Crime, CXP bars is a level of recommendation, the higher the better, but you don't have to go past your NNB (high recommendation may be impossible to complete if you need the NNB recommendation) Information Tables are sorted according to what the crime requires the least nerve to do, although all types of crimes require 10K crimes except theft (25k) I am still sorted according to the lowest nerve requirement.
